

CBSE/PLN-4/2026-27

1st August 2026

Dear All,

Greetings !

A Story of National Gratitude and Grit

In the 1970s, a young **Tata Group** executive named **Xerxes Desai** dreamed of something India had never truly attempted: a watch built entirely with **Indian skill** and **Indian pride**, fine enough to stand beside the best in the world. He carried this dream to **JRD Tata**, the legendary **chairman** of the **Tata Group**, a man known not only for his sharp business mind, but for a deep, quiet love of his country. **JRD** listened, and believed in it too.

To build a truly world-class watch, **JRD Tata** himself reached out to a well-known **Swiss watchmaker**, hoping to learn from the very heart of the world's watchmaking tradition.

The answer he received was not just a refusal – it was an insult. The **Swiss** watchmaker **scoffed**, saying **Indians** simply did not have the **skill or talent** to make **fine** watches.

JRD carried those words home. But instead of accepting them, he let them harden into resolve. He would not let disrespect toward his country's people go unanswered. He turned to **Desai** and gave him a **challenge**: prove them wrong. Build it yourselves.

What followed was years of **struggle failures, losses, and setbacks** that would have broken most teams. But **Desai** persisted, and **JRD** stood by him. In **1984**, that persistence became **Titan**, **India's own watchmaking company** and years later, **Titan** built one of the thinnest watches in the world, certified by a respected **Swiss** institute itself. The very tradition that once doubted India was now confirming its excellence.

This story is not really about watches. It is about what happens when love for one's country turns into action. **JRD Tata's gratitude** for **India** did not show up as loud words it showed up as refusal to accept disrespect, and as the **patience to build** rather than **complain**. **Xerxes Desai's gratitude** showed up as years of quiet, determined service. That is the **real lesson** for all of us. **Gratitude toward our nation** isn't only about pride in what **India** already is it is about what each of us chooses to add to it. It doesn't require being a **Tata** or a **Desai**.

A **student solving a problem with sincerity**, a **citizen doing small work honestly**, a **child standing up for a classmate who is mocked**, each of these is its own **small Titan** being built. Every one of us, in our own place and our own way, carries the same choice **JRD** once did: to let doubt defeat us, or to let it become the reason we try harder for the home we all share. **"When you love your country, you don't just defend its honor with words — you build something that speaks for it."**

FROM DOUBT TO EXCELLENCE
THE TITAN STORY
 Gratitude. Determination. Pride in India.

JRD TATA
 A visionary with an unshakable love for his country.

In the 1970s, Xerxes Desai, a young Tata Group executive, dreamed of building a world-class watch with Indian skill and pride. He shared his dreams with JRD Tata, who listened and believed in it too.

A watch built with Indian skill and Indian pride. Fine enough to stand beside the best in the world.

XERXES DESAI
 A dreamer who believed India could do it.

To learn from the world's best, JRD Tata approached a Swiss watchmaker. The reply was in Hindi: Indians did not have the skill or talent to make fine watches.

JRD countered those words loudly. Instead of accepting them, he turned them into resolve. He gave Desai a challenge: Prove them wrong. That's all he wanted.

What followed was years of struggle – failures, losses, and setbacks. But Desai persisted, and JRD stood by him.

In 1984, the persistence became TITAN. India's own watchmaking company – and just one of the thousands of businesses built by a respected Tata grandson. The very traditions that once doubted Indians are now contributing to excellence.

This story is not really about watches. It is about what happens when love for one's country turns into action.

That is the real lesson for all of us. Gratitude toward our nation isn't only about pride in what India already is – it is about what each of us chooses to add to it.

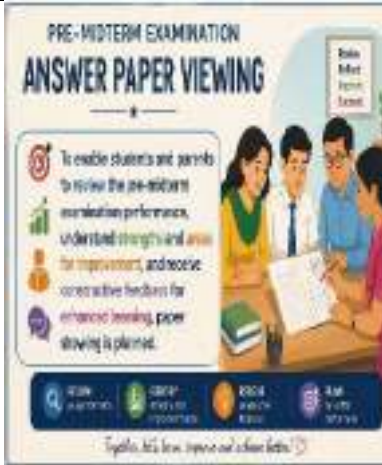

Each of these is its own small Titan being built.

Every one of us, in our own place and our own way, carries the same choice JRD once did: to let doubt defeat us, or to let it become the reason we try harder for the home we all share.

"When you love your country, you don't just defend its honour with words – you build something that speaks for it."

TITAN MADE IN INDIA. MADE FOR THE WORLD.

SCHEDULE OF AUGUST 2026

SR NO	DATE	PARTICULARS	DETAILS	STD
01	01/08/2026	 PRE-MIDTERM EXAMINATION ANSWER PAPER VIEWING To enable students and parents to review the pre-midterm examination performance, understand strengths and areas for improvement, and receive constructive feedback for enhanced learning, the pre-midterm answer paper viewing has been planned.	To enable students and parents to review the pre-midterm examination performance, understand strengths and areas for improvement, and receive constructive feedback for enhanced learning, the pre-midterm answer paper viewing has been planned.	IX & X

HIGHLIGHTS OF JULY 2026

PARENT-TEACHER MEET

04/7/26

A [Parent-Teacher Meeting \(PTM\)](#) was conducted for the parents of students from [Class VI-VIII](#), to discuss their academic progress, behaviour, attendance, and overall development. The meeting served as a valuable platform for meaningful interaction [between parents and teacher](#).

PA 1 & POST MID TERM EXAMINATION

7-7-26-11-7-26

The [PA-1](#) and [Post Mid-Term Examinations](#) were conducted successfully. PA-1 answer sheets were distributed to students, while the Post Mid-Term answer sheets were shown to them for review and feedback. The process encouraged [self-assessment](#) and helped students identify areas for improvement.

A **Parents' Orientation Programme** was organised for the parents of **Class IX** to familiarise them with the academic framework and CBSE guidelines for the secondary level. The session provided an overview of the curriculum, school expectations, and the vital role of parents in supporting their child's academic journey. Parents were briefed on the **CBSE assessment pattern** for Classes IX and X, including periodic tests, internal assessments, subject enrichment activities, and the Annual Examination. The **CBSE Board registration process** was explained in detail, along with the importance of submitting accurate student information and completing documentation within the stipulated timelines.

The programme also highlighted key **CBSE initiatives**, including **Advanced Papers in Science and Mathematics**, the **Three-Language Policy**, and **Skill Development (Kaushal Vikas)**, helping parents understand the opportunities available for students under the National Education Policy (NEP 2020). The significance of regular attendance, disciplined study habits, and effective time management was also emphasised to ensure consistent academic progress.

Parents were introduced to the **CampusDean School ERP System**, where they learned how to access attendance, homework, academic progress, examination schedules, circulars, and important notifications. School rules, communication protocols, and the importance of maintaining regular interaction with teachers were also discussed to foster a supportive learning environment.

The orientation concluded with an interactive question-and-answer session, allowing parents to clarify their queries and gain a better understanding of the school's academic expectations. The programme strengthened the partnership between the school and parents, reinforcing their shared commitment to students' academic excellence, character development, and overall well-being.

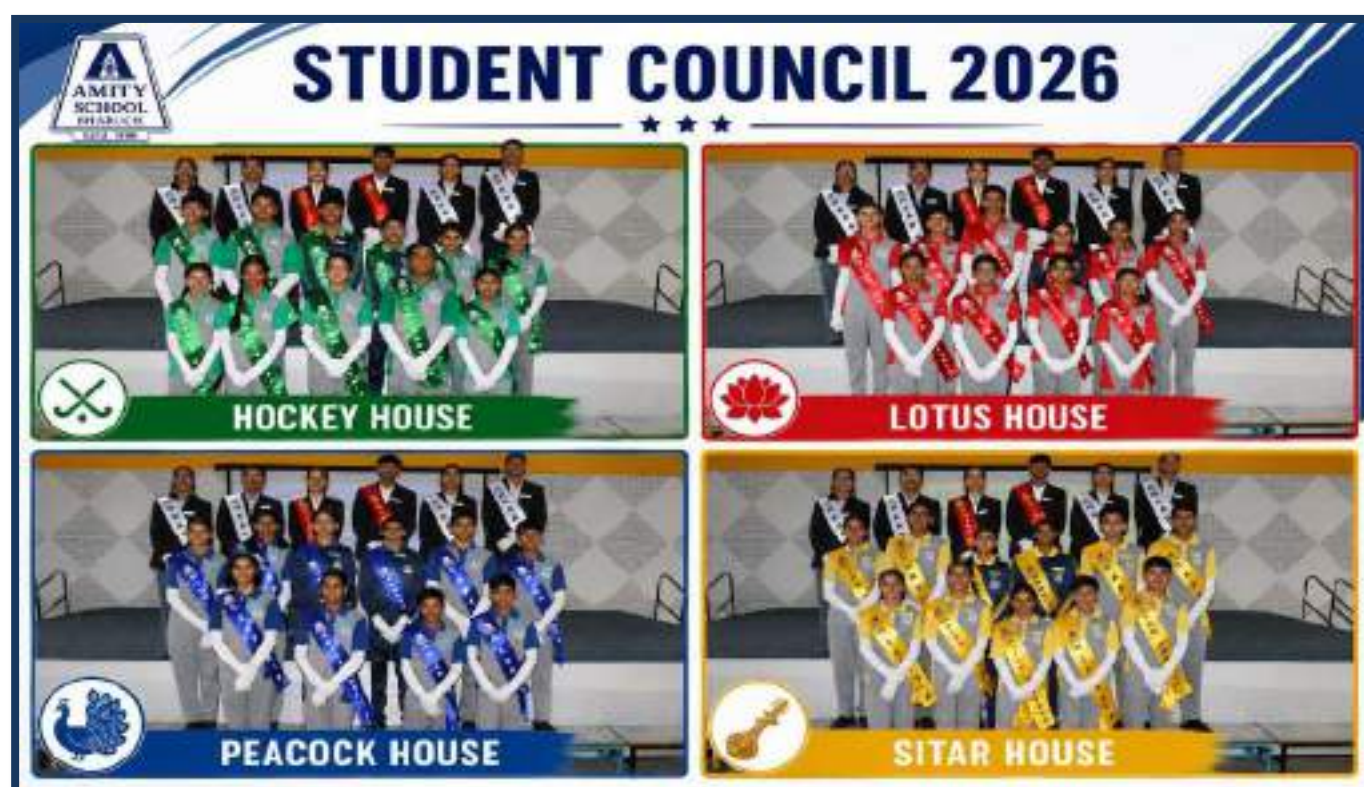

PRINCIPAL MA'AM ADDRESSING THE PARENTS

PARENT ORIENTATION PROGRAMME

The **Investiture Ceremony 2026** was celebrated with great pride and enthusiasm, marking the formal installation of the newly elected Student Council for the academic year 2026. The event was graced by the Chief Guest, **Dr. Vanrajsinh Mahida, President, Indian Medical Association, Gujarat State**, who inspired students with his motivating address on leadership, discipline, and service. The ceremony included the felicitation of the outgoing Student Council, the announcement of the newly elected council members, the conferring of badges, and the administration of the Oath of Office. The newly elected Head Girl shared her vision of leading with dedication and responsibility. The programme concluded with a Vote of Thanks and the School Song, leaving everyone inspired to uphold the values of integrity, commitment, and leadership.

In alignment with the school's annual theme of **Gratitude**, students participated in a series of meaningful activities across all grades. Students of **Class 1 to X** prepared eco-friendly paper bags, promoting environmental responsibility. **Storytelling sessions** were conducted for **Classes I and II**, highlighting the importance of gratitude and kindness. Students of **Classes III to VIII** designed heartfelt **Gratitude Cards** to express appreciation towards their loved ones, while **Classes IX and X** created a **Gratitude Wall** filled with thoughtful messages of thankfulness. These activities nurtured creativity, compassion, and an attitude of gratitude among the students.

SCHOOL BULLETIN BOARD

ACHIEVEMENTS OF STUDENTS

**SGFI 2026 - KABADDI GIRLS U-17

CHAMPIONS IN SPIRIT • EXCELLENCE IN SPORTS

मनोदशा

वही साधारण-सा दिन था,
रोज़मर्रा की दिनचर्या थी।
समय था सुबह का।
कक्षा में आते ही खुश हो गया दिल;
सामने नज़ारा था करिश्माई मोर का।

जब होते हैं दुःखी, परेशान या दनराश,
तब लगता कि मचाता शोर
और देता सहानुभूति।
मगर जब होते हैं खुश व आनंदित,
तो बनता हमारा सारथी
और देता सुख की अनुभूति।

न केवल सुंदर, निराला
और बारिश में झूमने वाला,
वह तो है अपने स्वरो से
हमारे मन को जोड़ने वाला।

The Rain That Quenched the Thirst of Dryfar City

500 years ago, there was a city called Dryfar. The name itself described the situation of the city. The city was very dry, there was no rain for so many years, and cracks covered the ground. About 2500 people lived in Dryfar. As there was no water, they lived in small houses made of mud. As there was no rain, farmers could not do farming. The people of Dryfar had to go far to bring water, and many children and families were thirsty and hungry.

Other cities near Dryfar got rain, but Dryfar had none. The people prayed to God for rain and water, but slowly they were losing hope.

In that city lived a boy named Mohan, twenty-five years of age. Mohan worked a private job to fulfill his needs. He was a religious person who prayed every day to God and gave thanks.

When Mohan saw the people suffering, he felt very sad. One day he said, "We cannot sit and wait like this, we need to do something so that God will send us rain. God helps those who help themselves."

Mohan became the leader. He went to every house and said, "Let's work hard and keep faith in God. God will bless us with rain." At first, everyone laughed at him and asked how this could possibly bring rain.

After doing some research, he found that ten kilometers away there was a river named Wety. So he alone took a shovel and began digging a route for the water. The people felt ashamed watching him, and slowly they began to join him. On one side, the children prayed for water; on the other, Mohan led the work, saying, "Don't be tired, pray for rain, and be faithful." Days turned into weeks, and weeks turned into months, and the people worked together and never lost hope.

One day, they finally finished the canal from the river Wety to Dryfar city. That evening, the sky grew dark, clouds came from far away, and the wind began to blow. Everyone ran outside to see it, looking to the sky and praying — and the miracle happened. It began to rain, slowly at first, then gradually harder, until it was pouring.

The rain fell for many hours. The dry ground turned wet, the cracks in the land filled with water, and the tanks and wells filled up. After many years, Dryfar had water again.

The next morning, everyone gathered together to celebrate. The fields were green, birds were singing, and small children danced. Everyone showed gratitude to God and to each other, especially to Mohan.

From that day on, Dryfar was never dry again. They changed the city's name to a blessed city. Every year, they celebrate the day the first rain came, and the people gather to thank God.

Mohan never took credit for what happened. He always said it was because of God's blessings, and because they all worked together with faith.

GENERAL INFORMATION

AMITY SCHOOL, BHARUCH

NOTICE

Request for Parents During Monsoon Season

Dear Parents,

Due to the ongoing monsoon, increased traffic congestion has been experienced during school arrival and dispersal hours. To ensure the safety of all students and facilitate smooth traffic movement within and around the school campus, we humbly request the cooperation of parents who drop off and pick up their children in personal cars.

Kindly adhere to the following timings:

Morning Drop-off: Before 6:30 a.m.

Afternoon Pick-up: At or after 1:00 p.m.

Your cooperation will help minimize traffic congestion, enhance student safety, and ensure the smooth functioning of the school during the monsoon season.

We sincerely appreciate your understanding and support.

Thank you for your valuable cooperation.

Principal
Amity School, Bharuch

Theme of the Year 2026-27: ATTITUDE OF GRATITUDE

Dear Parents,

Dt. 20-07-2026

Warm greetings to all !

Every academic year, our school embraces a guiding theme that inspires students to grow not only in knowledge but also in character. In today's world, where children have instant access to resources, entertainment, and information at the touch of a screen, it is easy for them to assume that everything is readily available. **As educators and parents, it is our shared responsibility to help them recognize and appreciate the countless visible and invisible forces that enrich their lives.** With this thought in mind, we have dedicated the academic year 2026–27 to the theme: **ATTITUDE OF GRATITUDE**

Gratitude is far more than saying 'Thank You'; it is a way of life. Every achievement, opportunity, and milestone is made possible by the contributions of others. Through this year-long theme, we aim to help our students acknowledge and express gratitude towards their family, teachers, friends, support staff, farmers, soldiers, government employees, social workers, mother nature, our national heroes and every individual whose efforts shape their lives. We also hope to instill gratitude for experiences, challenges, and even failures that help us grow.

Throughout the year, students will participate in thoughtfully designed activities at various level. Many of these initiatives will extend beyond the school campus to involve families and the wider community. Through meaningful gestures, service initiatives, creative expressions, and collaborative projects, students will discover that gratitude is best expressed through actions. **The year's journey will culminate in a grand stage presentation celebrating the many dimensions of gratitude.**

Dear Parents, your partnership is central to the success of this initiative. **A child's first lesson in gratitude begins at home.** We seek your wholehearted support in encouraging your child to participate sincerely, assisting them in activities that may involve family or community members, and, above all, modelling gratitude through your own words and actions.

Together, let us nurture children whose greatness is reflected not only in what they achieve in academics, but also in how deeply they appreciate the people and the world around them. With our collective efforts, we are confident that '**Attitude of Gratitude**' will become not just the theme of the year, but a lifelong value for every child.

With warm regards,

- Amity School Parivaar, Bharuch
